## TEN MILE ZONE LAW UPHELD BY THE COURT AND AMERICANS GAS SLEEPING GERMANS INFLECTED SEVERE PUNISHMENT

### PRESIDENT WILSON WINS VICTORY IN PASSAGE OF WAR PROBE RESOLUTION

*Toned Down to Suit His Ideas, Yet Senator Chamberlain, Who Introduced the Original Resolution, Declares That He, Too, is Satisfied*

(By Associated Press) Washington, May 22.—The substitute which was adopted by a vote of 275 to 167, which President Wilson contended was nothing less than a proposal to constitute a committee on the conduct of the war.

Senator Chamberlain said the compromise was satisfactory to him as it authorized the military committee and sub-committees to proceed not only with aircraft and ordnance investigations but also to make any other inquiries regarding army operations.

A compromise on the Chamberlain resolution for investigation of aircraft production and other army activities was assured when the senate expenditures committee agreed upon the substitute resolution.

The substitute was adopted after less than two minutes' debate.

### DUTCH MINISTER TO WASHINGTON ASKED RELIEF, BAD HEALTH

(By Associated Press) Amsterdam, May 22.—August Philips, Dutch minister to United States, who recently returned on leave of absence because of ill health, has requested that he be relieved of his post at Washington, according to advices from The Hague. The minister's request, it is stated, is made on medical advice.

### GERMANS RECOGNIZE IT WOULD BE SUICIDE

(By Associated Press) London, May 22.—German naval authorities say it would be "suicide" for them to attempt to interfere with the transportation of allied troops and munitions across the English channel.

### THIRTEEN MORE LOST WHEN CYCLOPS SUNK

(By Associated Press) Washington, May 22.—A list of an additional 13 men, probably lost on the Cyclops, is announced.

They were transferred to the Cyclops as passengers.

#### KERENSKY COMING.

(By Associated Press) Washington, May 22.—Investigation has verified the report that former Premier Kerensky had arrived or is on his way to the United States.

### Tobacco Regular Ration of Sammies in France

(By Associated Press) With American Army in France, May 22.—Tobacco will be made a part of the regular ration on the recommendation of General Pershing. The order goes into effect in a few days. Each American overseas will receive daily four-tenths of an ounce of smoking tobacco and ten cigarette papers.

### DILLON APPEALS FOR AMERICAN IRISH TO SUPPORT HIS PARTY

*Denounced the Sinn Fein and Arraigned British Methods in Handling Irish Question.*

(By Associated Press) Dublin, May 22.—John Dillon, nationalist leader, appealed to the people in America with Irish blood to support the Nationalist party as "the one party in Ireland which is fighting for Irish liberty without betraying the cause of liberty in other lands." He denounced the Sinn Fein.

Dillon arraigned the methods which the British government had pursued in dealing with the Irish question.

### FEDERAL DIRECTOR FOR EACH RAILROAD

(By Associated Press) Washington, May 22.—Regional railroad directors have been asked to recommend federal directors for every railroad to replace railway presidents as chief operating officials.

Pending these appointments the present managing staffs will continue in control.

### Fletcher H. Pool for Commissioner

Fletcher H. Pool has authorized The Eagle to announce his candidacy for the position of commissioner from Precinct No. 1. Mr. Pool has lived in that section of the county, the Millican district, for about 25 years and yet never before has entered the lists for public office. However, he has always taken an active part in politics, such as every good citizen is expected to do. He is classed with the live, public spirited and progressive men of his community. He has prospered as a farmer and is now ranked as one of the substantial citizens of that section, and as such would seek to employ ordinary, commonsense business methods in the county's affairs.

#### HOLD UP FOR PRESENT.

Please do not send in any more magazines to the library until the national council of defense do something toward shipping the ones already collected. The librarian asks for all the bound volumes that can be spared such as fiction, technical books and along any other line that would help the soldiers and sailors. These will be shipped to the cantonments in Texas as soon as they can be classified for shipment.

MISS WILLIE ROGERS, Librarian.

#### NOTICE, COUNCIL OF DEFENSE.

There will be an important meeting of the Brazos County Council of Defense Saturday, May 25, at 2 o'clock, in Knights of Pythias Hall, Bryan. Every member must be present.

F. L. HENDERSON, Secy.

(By Associated Press) Austin, May 22.—The constitutionality of the ten-mile zone law was upheld this afternoon by the decision of the court of criminal appeals in a majority opinion, Judge Davidson dissenting.

The ten-mile zone law around military camps to protect soldiers in training for the United States army was set forth in a proclamation by Governor W. P. Hobby as the reason for calling the Texas legislature into session Feb. 26, last. The governor urged enactment of the law, quoting letters and telegrams from Secretary of War Baker to the effect that such legislative action was needed and desirable.

The houses of the legislature acted promptly upon the governor's request for a dry zone of ten miles extent. The measure which finally was enacted was even more extensive than Governor Hobby had recommended in that its provisions applied to ship building plants working on government contracts. The measure was made even more far reaching when Attorney General B. F. Looney construed its provisions to include aviation landing fields.

The law became effective with the dawn of April 16 and upward of 1200 saloons were banished. On the first day of its operation, however, G. H. Hollingsworth of Fort Worth was arrested on a charge of selling a quart of whisky inside the ten-mile zone around the military camp there.

Violation of the law constituted a felony and Hollingsworth was held without bail. The following day a habeas corpus suit was filed in the court of criminal appeals at Austin and the court granted \$3000 bail pending hearing on oral arguments which was set for April 24. The constitutionality of the law was attacked on eight grounds.

### GERMAN RAIDERS DO NOT REACH PARIS

(By Associated Press) Paris, May 22.—German aviators made an ineffectual attempt last night to raid Paris. Three persons were killed and several wounded in the outskirts of the city, but none of the raiders reached Paris itself. One enemy plane was downed.

### EAGLES SWOOPED ON B. H. S. FLEDGLINGS BY 7 TO 5 SCORE

The Bryan Eagle baseball team won the city championship Tuesday afternoon when they defeated the Bryan high school by the score of 7 to 5, on the Allen academy grounds.

The game was the best that has been played between these two teams this season. North pitched a great game for the Eagles and while Boriskie was hit quite freely he was given excellent support, which held the score down. The high school boys, although much younger than their opponents, showed the result of constant practice in their excellent teamwork while the Eagles depended on free hitting to bring the bacon home. Home runs were made by Park, Newton and Stasney.

The score was tied in the fifth inning and Bryan high was one run to the good in the seventh. In the eighth inning Anderson got a two-bagger that drove in two runs and later he was brought home by a single. High school made a desperate effort to overcome the two-run lead in the first part of the ninth inning but they were retired in batting order. This is the last game between these two teams this season.

Following is the line-up: Bryan high school, Locke catcher, Boriskie pitcher, Sanders first base, Park second base, Graham shortstop, Holmes third base, Parker left field, Myers center field, Harrison right field, Eagles, Sellers catcher, North pitcher, Houston first base, Newton second base, Simpson shortstop, Anderson third base, Smith left field, Bullock center field, Haygood right field. Umpire, Boyett. Substitutes, High, Stasney for Holmes.

#### CADET'S BROTHER IS PERSHING'S CHAUFFEUR.

W. R. (Bill) Lattimore, son of Senator and Mrs. O. S. Lattimore of Fort Worth, and brother of R. B. Lattimore, agricultural sophomore in the college, is now chauffeur for General Pershing on the western front. Young Lattimore was at the wheel of the auto that took Secretary Baker on his tour of inspection of the trenches in France and Flanders. He was among the first to enlist when war was declared and has since been recommended by General Samples for a chauffeur sergeancy.

### Germany's Spring Offensive Now Enters Its Third Month

### IN MESOPOTAMIA THE BRITISH ADVANCED

(By Associated Press) London, May 22.—Turkish troops in Mesopotamia north of Baghdad display little activity while the British cavalry has advanced north of Tikrit on the Tigris to Fatha, says an official announcement.

### PRICE ON THE POWER OF WOMAN'S INFLUENCE

#### REVIVAL PROGRAM.

Wednesday Evening — "The Meanest Man in Bryan."  
Thursday Afternoon — Mass meeting for Women and Girls, 3 p. m., subject, "Let's Wife Looking Back."

Before a large audience of women and girls on Wednesday afternoon Evangelist Price discussed "The Power of a Woman's Influence" making effort at this time to bring to their minds the utter seriousness of the consequences, whenever there was a deterioration of the standards held by women. Speaking most emphatically, he said that the greatest inheritance that could befall a man's lot was to have a Christian mother, a consecrated sister and then to become the husband of a woman, who, in all her ways, stood true to God and in most fitting terms extolled the woman, who with the keenest realization of the extent of the power of her influence, used it to the utmost.

Following his introduction he raised the question, "What does a man expect of his wife?" declaring that he did not mean to say, "What a man has a right to expect of his wife," but most assuredly there were some things that every red-blooded American man expected of the woman who became his wife, filled that place, which no one else could ever fill, and shared the secrets of his innermost life. First of all a man expects his wife to be a true, noble and intelligent home builder, that it does not mean so much to him if she fails in being a brilliant social leader, or that she is not in the limelight of the public eye in any way, but any way, but it does mean all to him for her to be a real home builder and he will forgive almost everything else before he will forgive failure in this respect.

A few years ago the church was lodged to death but now, says Rev. Price, the church is being literally clubbed to death. He declared that while there were some clubs which really stood for up-building from an intellectual and social standpoint, yet the majority of them were detrimental and antagonistic in every way to the up-building of religious and social life. If a woman looks after the interests of her home, children and husband then fulfills her duty toward the church and the furtherance of the kingdom of God she will have very little time to spend at the club, where frivolity predominates.

A mothers' club, whose members are real mothers is a blessing to any community, but one whose president has no children and whose members are society butterflies, wholly ignorant of those things, which are vitally concerned in the making of a home and the rearing of children, is a curse to that community where it exists.

A mother commands a respect and a devotion, which no other person in all the world can command, and for her not to seize every opportunity whereby she may be instrumental in the molding of character in the lives of her children, is most deplorable, and shows that she is not capable of appreciating the fact that in her power lies the successful making of their lives, from every standpoint, if she but wield her influence in the right direction.

Then speaking to the young women he declared that it was in their power to mold the characters of the young

#### ITALY DAY.

(By Associated Press) Austin, May 22.—Governor Hobby proclaimed Friday, May 24, Italy day, as a mark of esteem for that country.

(By Associated Press) Germany's spring offensive, launched in the hope that the foreign allies would conclude peace, enters its third month today. The allied armies are still intact and waiting further enemy attacks while American reinforcements are hurrying to France. Great losses sustained in Picardy and Flanders forced the Germans to halt and reorganize their shattered divisions.

In the weeks since repulsing the German attacks north of Mont Kemel the allies have succeeded here and there in biting off important positions. Enemy counter attacks have not been vigorous and all his efforts to regain lost positions have failed.

#### MOST VIOLENT FIRING.

(By Associated Press) Paris, May 22.—Artillery fighting of the most violent character occurred last night southwest of Amiens, it is announced officially.

Heavy artillery fighting took place also on the southern part of the battle front in the neighborhood of Ploeghem, west of Noyon.

#### GERMAN TRENCHES RAIDED.

(By Associated Press) London, May 22.—In the sector southeast of Arras German trenches were entered last night by British raiders, says today's announcement. Prisoners and machine guns were captured.

Germans on the Flanders front carried out a heavy gas bombardment northeast of Bethune.

#### ITALIANS STOP ENEMY.

(By Associated Press) Rome, May 22.—Italians in the mountains west of Brenta broke up enemy attacks especially on the southern slopes of Sasso Rosso.

### EUGENE PENN KILLED IN PLANE ACCIDENT AT FOGGIA, ITALY

*Nephew of Mrs. Walter Wipprecht of Bryan, Whom He Has Frequently Visited in the Past.*

Rome, May 22.—Aviation Cadet Eugene Doak Penn was killed at Foggia this afternoon. He was flying at an altitude of 1200 yards when the propeller of his aeroplane broke. His mother, Mrs. Rae Penn, lives at Austin, Tex. Cadet Penn's funeral will take place tomorrow.

He went to France last October and two months ago was transferred to Campo Ovesto, Foggia, Italy, where he expected to complete his course.

Cadet Penn was the son of the late Judge R. L. Penn of Austin, and is survived by his mother, residing at Austin, and eight brothers, including Robert R. Penn, a staff correspondent for the Galveston-Dallas News, and R. L. Penn, now in training at Fort Leavenworth for a new railway regiment.

#### FREQUENT VISITOR HERE.

Cadet Penn was well known in Bryan, where he has been a frequent visitor in the home of his aunt, Mrs. Walter Wipprecht, to whom Mrs. Penn telephoned the news as soon as she received advices from the war department. He was a graduate a year ago of the University of Texas and immediately joined the aviation corps.

men of the town, "you may not do it and receive ten or twelve proposals before you are 18, but you can hold up a standard and by a close pursuit of it wield an influence which will obtain for you the love and respect of some one man whose character is beyond reproach." Too much cannot be said concerning the influence of a young woman and it is all a mistaken idea that the one who lives a true consecrated Christian life will be barred from social life and deprived of the enjoyment of girlhood pleasures, but she has it in her power to create that which is wholesome in society and become a leader if she uses her influence as she should.

Whenever a young woman puts her reputation and Christian character above everything else she comes to the place where she need have no fear of isolation from social life, but can gather around her those over whom she can exert an influence that is a power for God and for righteousness.

### A Deluge of Shells in Three Waves on Gerchamp Wood

*Full Extent of the Damage Done Has Not Been Made Known As Yet—Huns Defeated in Two Patrol Actions East of Luneville and Two Germans Were Captured—American Casualty List.*

### IOWA TORNADES KILL 20 AND INJURE 100 AND WIPE OUT TOWN

(By Associated Press) Des Moines, May 22.—At least 20 persons are dead and 100 injured as a result of tornadoes which swept the central portion of Iowa late yesterday, according to reports here. In Wisconsin the village of Lone Rock was practically destroyed. Unconfirmed reports say three persons were killed there.

#### BUSINESS CLUB MEETING AT QUEEN

The annual business drama of the business club will be staged this year at the Queen theater, tomorrow night at 8:30 o'clock, instead of the Carnegie library as previously announced. This is the annual business meeting of the club for reviewing the year's work and electing directors.

(By Associated Press) With American Army in France, May 22.—American artillery north-west of Toul launched a terrific local gas attack upon German positions and cantonments within Gerchamp wood early today. Severe punishment was inflicted upon the enemy, how great is unknown as yet.

A deluge of American shells fell in three waves and within a half hour the woods in which many Germans were known to be sleeping have been drenched with large quantities of poisonous gas.

#### LIVELY PATROL ENGAGEMENTS.

(By Associated Press) With American Army in France, Tuesday, May 21.—Americans twice defeated German parties in lively patrol actions Monday night east of Luneville. The Americans captured two Germans.

#### AMERICAN CASUALTIES.

(By Associated Press) Washington, May 22.—The casualty list today contained 48 names, divided as follows: Died in action 3, died of wounds 2, died of disease 2, wounded severely 38, wounded slightly 3, Lieutenant Robert Legg, Houston, and Private Harry Marberry, San Angelo, severely wounded.

### Popular Excesses in Bohemia Cause Martial Law Proclaimed

### WIFE MURDERER WILL BE SHOT BY CHOICE

(By Associated Press) Salt Lake, Utah, May 22.—Howard Dewese, convicted of the murder of his wife, was denied commutation by the state board of pardons and will be shot, by choice, Friday morning.

### DUTCH MINISTER FURTHER PROTESTS

(By Associated Press) Washington, May 22.—The Dutch minister delivered a supplementary note protesting against the seizure of Dutch shipping. He contends that the explanation for the seizures did not answer the original objections.

(By Associated Press) London, May 22.—Martial law was proclaimed in Bohemia and in consequence to "popular excesses," many persons have been imprisoned, according to dispatches here.

Outbreaks have occurred in Pilsen, Nachod and other towns. The estates of Prince Forstnerburg, a close friend of the German emperor, and the buildings on them were burned.

German papers say considerable irritation is caused in Germany by the rapidity with which England is throwing men into France and criticism has been directed at the admiralty.

### FRENCH CROPS BEST IN TWENTY YEARS

(By Associated Press) Paris, May 22.—Prospects for coming harvest in France are better than in any year since 1898, Victor Boret informs the Associated Press.

### Thirteen German Planes and Two Balloons Are Destroyed

### NAVAL AVIATOR LOST IN NORTH SEA FIGHT

(By Associated Press) Washington, May 22.—News of the death of Ensign Stephen Potter, killed while fighting seven enemy airplanes in the North Sea April 26, was received today. Six weeks before he shot down a German seaplane.

### RECOVER BODIES OF NINE BURNED MINERS

(By Associated Press) Charleston, W. Va., May 22.—Nine miners, caught between a wall of fire when the main entry to the Mill Creek Cannel coal mine at Villa burst into flames Monday, were found dead today. The bodies of their four companions were recovered yesterday.

#### NOTICE, HOME GUARD.

Every member of the Brazos county home guard is ordered to be present at a meeting to be held at the court house Saturday afternoon, May 26. The hour is 3 o'clock and all are expected to be there promptly.

Penn, now in training at Fort Leavenworth for a new railway regiment.

**FREQUENT VISITOR HERE.**  
Cadet Penn was well known in Bryan, where he has been a frequent visitor in the home of his aunt, Mrs. Walter Wipprecht, to whom Mrs. Penn telephoned the news as soon as she received advices from the war department. He was a graduate a year ago of the University of Texas and immediately joined the aviation corps.

men of the town, "you may not do it and receive ten or twelve proposals before you are 18, but you can hold up a standard and by a close pursuit of it wield an influence which will obtain for you the love and respect of some one man whose character is beyond reproach." Too much cannot be said concerning the influence of a young woman and it is all a mistaken idea that the one who lives a true consecrated Christian life will be barred from social life and deprived of the enjoyment of girlhood pleasures, but she has it in her power to create that which is wholesome in society and become a leader if she uses her influence as she should. Whenever a young woman puts her reputation and Christian character above everything else she comes to the place where she need have no fear of isolation from social life, but can gather around her those over whom she can exert an influence that is a power for God and for righteousness.

**ALLEN ACADEMY DRILL.**  
A lot of people who took the trouble to come to town last evening to watch the drill of the Allen academy cadets were surprised at the proficiency these youngsters have attained under the instruction of Major Martin. They were formed into two companies, and both went through a number of evolutions and movements on Main street between Twenty-Fifth and Twenty-Sixth streets promptly at 5 o'clock. The display lasted for a half hour and was applauded by hand-clapping and the honking of many auto horns as the boys marched off the drill field.

(By Associated Press) With American Army in France, May 22.—American artillery north-west of Toul launched a terrific local gas attack upon German positions and cantonments within Gerchamp wood early today. Severe punishment was inflicted upon the enemy, how great is unknown as yet. ## Italy-America Day Friday

Wear flowers on May 24th!  
Display the Italian colors: red, white and green!  
In these ways, the readers of the Eagle can express their appreciation of Italy's sacrifices for and contributions to the allied cause.

It behooves every American on this day, the third anniversary of Italy's entrance into the world war, to recall that Italy's declaration of neutrality, breaking her allegiance with barbarous Teutonic powers that brought on the conflict, made possible the withdrawal of French troops from the Italian border which strongly reinforcing the armies of Generals Foch and Joffre contributed largely to the allies' victory at the Marne.

It also behooves every patriotic American to recall on this day that Italy by her almost superhuman efforts in the Alps and on other portions of the southern battle front has kept the Teutonic hordes from swarming down the Adriatic coast and establishing themselves in strong military and naval positions with immediate access to the all important Mediterranean.

Italians, and Americans of Italian birth, write on this day to Italy. Tell your friends and relatives that we here in America are in the war to win, to win for Italy as well as for the rest of the civilized world. Tell them we appreciate the sacrifices your mother country has made in holding off the German beast until the whole force of civilization can mobilize to defend itself.

## President Proclaims May 30 as Day of Fasting and Prayer

By the President of the United States.  
A Proclamation.

Whereas the congress of the United States, on the second days of April last, passed the following resolution:

Resolved by the senate (the house of representatives concurring), That it being a duty peculiarly incumbent in a time of war humbly and devoutly to acknowledge our dependence on Almighty God and to implore his aid and protection, the president of the United States be, and he is hereby, respectfully requested to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States with religious solemnity and the offering of fervent supplications to Almighty God for the safety and welfare of our cause, his blessings on our arms and a speedy restoration of an honorable and lasting peace to the nations of the earth;

And whereas it has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for his guidance in the affairs of their common life;

Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby proclaim Thursday, the thirteenth day of May, a day already freighted with sacred and stimulating memories, a day of public humiliation, prayer and fasting and do exhort my fellow citizens of all faiths and creeds to assemble on that day in their several places of worship and there, as well as in their homes, to pray Almighty God that he may forgive our sins and shortcomings as a people and purify our hearts to see and love the truth, to accept and defend all things that are just and right, and to purpose only those righteous acts and judgments which are in conformity with his will; beseeching him that he will give victory to our armies as they fight for freedom, wisdom to those who take counsel on our behalf in these days of dark struggle and perplexity, and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing us at last the peace in which men's hearts can be at rest because it is founded upon mercy, justice and good will.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this 11th day of May, in the year of our Lord, 1918 and of the independence of the United States the 42nd.

WOODROW WILSON.  
By the President:  
Robert Lansing,  
Secretary of State.

## MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little son is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother! see if tongue is coated. This is a sure sign that his little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweetens the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

## RAILROAD BUSINESS AT COLLEGE UNIFIED BUT NOT AT BRYAN

No unification of the business of the two railroads here will be undertaken. E. G. Goforth, representing the International and Great Northern, and E. C. Costello, representing the Houston and Texas Central, acting as a commission to investigate and report on the proposition for Bryan, will recommend that conditions remain as they are. They found, after they had completed their survey here, that they could abolish positions and save about \$200 a month in salaries, putting the business in the hands of one agent with a force of clerks. But when they came to count up the cost of operating trains, this saving was all wiped out and a loss was apparent. Houston and Texas Central trains would, under the plan of unification proposed, have to run down to the International depot and then back out, consuming much time, fuel and causing other expenses. To have extended the track of the International one street to make a connection with the Central in the northern end of the city was estimated to cost \$10,000. Then there would have to be an expensive rearrangement of the tracks and connections at the crossings of the two roads in the southern end of the city, estimated at \$15,000. The saving that might be effected did not seem to justify the expenditure, when it is considered that the United States government is only the temporary owner of the railroads. Were it to own the railroads permanently this expenditure might be justified.

At College, however, the situation is different, both depots being right together. There it is understood unofficially, the Central depot will be used for passenger business and the International warehouse for package freight, and one agent will handle the whole business.

At Navasota consolidation has been practically effected because the physical conditions favor the idea.

## Teaching Patriotism At Summer School

In the hope of promoting the teaching of patriotism in the public schools of Texas as a war measure, the National Security league has assigned to the summer school of A. and M. college two strong lecturers who will give lectures on the best methods of teaching patriotism to pupils and the public generally. While the lectures will be intended primarily for the school teachers attending the normal division of the summer session, the lectures will be given at an hour when all the summer students can attend them, announce Dr. J. O. Morgan, director. Dr. J. Adams Puffer, of Berlin, Mass., reputed to be one of the leading vocational counselors in the country, will spend July 3-5, inclusive, at the summer session and deliver addresses on "Vocational Guidance of Youth." Dr. H. T. Musselman, editor of the Texas School Journal, will deliver a series of lectures on topics of interest to the teachers.

The plans for the summer session generally are the best in the history of the summer school, Dr. Morgan announces, and indications point to a large attendance. The session opens June 3 and continues through July.

## Call for Negroes Within Three Weeks

From Thursday's Daily Eagle.  
Information received from the adjutant general's office by the local exemption board this morning, corrects a previous impression regarding the number of men who will be called in the draft this month. The call is for 84 men, but the information this morning is that 36 of them are to be negroes, who are to be called within the next three weeks. The adjutant general says this is positive, as General Crowder has given absolute assurance that the negroes are to be used within that time.

## EVER SALIVATED BY CALOMEL? HORRIBLE.

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your drug dealer sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and cannot salivate.

Don't take calomel! It makes you sick and the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

## WHENEVER YOU NEED A GENERAL TONIC Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well-known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

## BRYAN TO FURNISH LABOR TO FARMERS FOR CHOPPING COTTON

From Saturday's Daily Eagle.  
Colonel Clarence Ousley held a conference Friday evening at 5 o'clock with members of the board of directors of the Bryan Commercial club relative to the farm labor situation and the labor slacker. Colonel Ousley referred to the national conditions and what some of the states are doing in the passing of vagrancy laws, some of which force even the rich men to engage in some profitable physical employment.

A plan was evolved for furnishing labor for the farmers in this section, particularly cotton choppers. At the Red Cross meetings to be held in every community in the county tomorrow, Chairman Doane of the Red Cross drive, promised to have each one of his speakers present the matter and call upon the farmers to state how many hands they would need, what they would be willing to pay and if they would come to town and get them Monday or Tuesday mornings.

A committee consisting of E. J. Fountain and J. Webb Howell is making a canvass of the business houses this morning to ascertain how many employees can be released for a few days to assist on the farms. R. S. Webb stated at the meeting that he would be willing to release two men, his store porter and his yard man. This gave a suggestion for others and for the committee to work upon. It was also developed that a number of negro bucks are lying around town, doing nothing apparently, while their wives and children are in the cotton fields earning money for them.

Judge W. C. Davis was designated to present both sides of the matter at the R. E. L. Knight meeting at the court house this afternoon, calling upon farmers present to state how many hands they need and what they will pay, and upon town men to state what labor they can release.

## Bryan Women Apply For Government Posts

Secretary Cloud of the local civil board states that he has a number of applications for examination for positions as clerks who are seeking employment with the government. A number of those applying are women, who are responding to the call for thousands of women recently made by the authorities at Washington. They state that there has been an increase in the civilian employees of the government in Washington during the past year of about 40,000, of whom 25,000 have been women. Now the call is for more women, some of whom are to take the places of men, but many are to be employed in strict women's work, as now recognized. Not less than 60 different kinds of work are open to women.

The list includes stenographers, typists, bookkeepers, other clerks of a score or more of classifications which require training in some special or technical line, statisticians, operators of various kinds of calculating, addressing and duplicating machines, proof readers, law clerks, welfare executive secretaries, draftsmen of a dozen kinds, telegraph and telephone operators, trained nurses, chemists, physicists, library assistants, inspectors of undergarments, fingerprint classifiers and many others.

The commission urges women to offer their services to the government at this time of great need. As men are called to the colors, women must take their places and keep the machinery behind the armed forces moving at the maximum of efficiency.

## DOMINIC GOSS DEAD.

From Monday's Daily Eagle.  
Dominic Goss, aged 73, died at his home in the country Sunday evening at 6 o'clock of old age. Mr. Goss was born in Italy. He was a farmer and leaves a widow.

Mr. Goss has been a resident of the United States about 27 years, living all that time in the Brazos county river country in Burleson and Brazos counties. His children have all gone before. The funeral was held at 11 o'clock, by Father DeSimone of the Italian Catholic church, and interment was in the Catholic cemetery.

## DEATH OF A CHILD.

From Friday's Daily Eagle.  
The little son of Mr. and Mrs. Amos C. Williams, aged 18 months, died at the home at Coleview Thursday evening. Pneumonia was the cause of death. The funeral was held there this afternoon at 3 o'clock, with interment in the Bethel cemetery.

## FARMERS RESPONDED NOBLY TO CALL FOR MORE FOOD CROPS

From all reports received here through our extension service forces, covering practically every agricultural county in the state, Texas farmers are making noble response to the appeal of the government for increased food and feed production without a sacrifice of necessary cotton production," declared Hon. Clarence Ousley, director of the extension service of A. and M. college, and assistant secretary of agriculture, Saturday upon the conclusion of his three-day conference with the acting director and members of the staff of the extension service, relative to the budget and plan of work for next year.

"It appears that in all the regions except the far west, where moisture is still insufficient, plantings have actually been increased and the prospects are very favorable," Mr. Ousley continued. "While I have had no detailed reports from the other states of the cotton belt I have the impression from general information that Texas will compare most favorably with them. The next immediate question is to conserve the very large crop of fruits and vegetables by canning, drying and other processes of conservation. It is perfectly plain now, as I have been saying ever since last fall that it is not possible to produce too much food and feed and also that the transportation of food and feed both within the United States and across the seas is a more and more troublesome problem because of the increasing military needs for cars and ships. Of course food is going to be furnished the army which has first call upon every railroad car and foot of ship room. Those of us who remain at home may use for our comforts and convenience in commercial and other aspects of our life such cars and such ship room as are left and it is not in the least likely that the remainder will be sufficient for doing business or living upon the ordinary basis of peace time. Hence the necessity for every state, every neighborhood and every family as far as humanly possible to be self-sufficient."

Mr. Ousley pointed out that there must be a larger conservation of labor in useful occupations, declaring that servants and able-bodied men in the cities must go to the farms at least during the rush periods there, leaving much of the work in commercial establishments as well as in the homes to be done by the women.

From here Mr. Ousley goes to Hutchinson, Kan., to address the bankers of that state in their annual convention.

## JUNETEENTH CELEBRATION.

The colored citizens of Bryan and Brazos county met and perfected an organization for the celebration of their fifty-third anniversary June 19.

The following members were elected: Dr. A. E. Thompson, chairman; Edd Scott, secretary; Jerry Simpson, treasurer; Mose Light, manager; W. C. King, assistant manager.

Chairmen of committees: Finance, Mose Light; arrangement, Thos. Peterson; basket, Millie Brown; amusement, J. B. Wilhite; meats, Aaron Thompson.

A big barbecue is being projected.

## MISS BERNICE HANNA MARRIED

From Monday's Daily Eagle.  
News has reached Bryan of the marriage of Miss Bernice Hanna to G. C. Benson at West Frankford, Ill. Miss Hanna, who is a daughter of Mrs. J. M. Hanna, of this city, and a very popular and accomplished young woman, left here last week to visit in Illinois. Upon her arrival there Miss Hanna learned that Mr. Benson, to whom she was engaged, had just received a call to report for army service May 25. The young people then decided to be married at once, the wedding taking place on the morning of May 15. Miss Hanna has taught the Parker school for the past three years and is under contract for next year. Should Mr. Benson be finally accepted by the army it is not unlikely that she will return to Bryan and fulfill her school contract.

## GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth, so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

## WHEATLESS PERIOD HAS BEEN EXTENDED

The wheatless period for Texas has been extended from June 1 to the next harvest due to the fact that the shortage of wheat has become so acute that the national government must use every conservation measure in order to secure sufficient wheat to meet European needs. On Tuesday at noon, in reply to a suggestion from U. S. Food Administrator Hoover that Texas continue its wheatless program until the next harvest and not lift the ban on June 1, Administrator Peden wired the national administrator as follows:

"Hoover, Food Administrator, Washington: Complying with your message I am requesting all district and county administrators to explain the situation and feel safe in assuring you Texas will cheerfully continue on wheatless basis until next crop. Our people genuinely enjoy making this sacrifice for our allies and our boys over there.—Peden."

The state administration will be assisted in making a complete wheatless observance by the southwestern milling division, all mills outside of the state being instructed to ship no flour into Texas. This will cancel trouble now being experienced by Texas mills who have suspended sales while outside mills were shipping into the state.

L. M. HEWITT,  
District Food Administrator.

## Training for Women in Special War Work

(By Associated Press.)  
Detroit, May 20.—Universities, colleges and technical schools throughout the country are being urged to follow the lead of the University of Michigan in providing special courses of training for women students in drafting and tracing, inspection and testing of materials. The move was given impetus recently at a joint session of the American Society of Mechanical Engineers and the Detroit Engineering society.

According to the engineers the war time deficiency of skilled workers may be met by women, with a short period of training as it has in other belligerent nations.

The session adopted a resolution urging employers who could use skilled help to "exert their influence with universities, colleges and technical schools, and co-operate with them in developing and making available a great body of intelligent and adaptable women who are as eager and willing to serve their country as their brothers."

Dizziness, vertigo, (blind staggers), sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 60c. Sold by M. H. James.

## Italy-America Day Friday

Wear flowers on May 24th!  
Display the Italian colors: red, white and green!  
In these ways, the readers of the Eagle can express their appreciation of Italy's sacrifices for and contributions to the allied cause.

It behooves every American on this day, the third anniversary of Italy's entrance into the world war, to recall that Italy's declaration of neutrality, breaking her allegiance with barbarous Teutonic powers that brought on the conflict, made possible the withdrawal of French troops from the Italian border which strongly reinforcing the armies of Generals Foch and Joffre contributed largely to the allies' victory at the Marne.

It also behooves every patriotic American to recall on this day that Italy by her almost superhuman efforts in the Alps and on other portions of the southern battle front has kept the Teutonic hordes from swarming down the Adriatic coast and establishing themselves in strong military and naval positions with immediate access to the all important Mediterranean.

Italians, and Americans of Italian birth, write on this day to Italy. Tell your friends and relatives that we here in America are in the war to win, to win for Italy as well as for the rest of the civilized world. Tell them we appreciate the sacrifices your mother country has made in holding off the German beast until the whole force of civilization can mobilize to defend itself.

## President Proclaims May 30 as

### Day of Fasting and Prayer

By the President of the United States.  
A Proclamation.

Whereas the congress of the United States, on the second days of April last, passed the following resolution:

Resolved by the senate (the house of representatives concurring), That it being a duty peculiarly incumbent in a time of war humbly and devoutly to acknowledge our dependence on Almighty God and to implore his aid and protection, the president of the United States be, and he is hereby, respectively requested to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States with religious solemnity and the offering of fervent supplications to Almighty God for the safety and welfare of our cause, his blessings on our arms and a speedy restoration of an honorable and lasting peace to the nations of the earth;

And whereas it has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for his guidance in the affairs of their common life;

Now, therefore, I, Woodrow Wilson, president of the United States of America, do hereby proclaim Thursday, the thirteenth day of May, a day already freighted with sacred and stimulating memories, a day of public humiliation, prayer and fasting, and do exhort my fellow citizens of all faiths and creeds to assemble on that day in their several places of worship and there, as well as in their homes, to pray Almighty God that he may forgive our sins and shortcomings as a people and purify our hearts to see and love the truth, to accept and defend all things that are just and right, and to purpose only those righteous acts and judgments which are in conformity with his will; beseeching him that he will give victory to our armies as they fight for freedom, wisdom to those who take counsel on our behalf in these days of dark struggle and perplexity, and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing us at last the peace in which men's hearts can be at rest because it is founded upon mercy, justice and good will.

In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this 11th day of May, in the year of our Lord, 1918 and of the independence of the United States the 142nd.

WOODROW WILSON.  
By the President:  
Robert Lansing,  
Secretary of State.

## MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If tongue is coated, breath bad, stomach sour, clean liver and bowels.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little son is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that his little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad, has stomach-ache, diarrhea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweetens the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs;" then see that it is made by the "California Fig Syrup Company."

**Drives Out Malaria, Builds Up System**  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 60c.

## RAILROAD BUSINESS AT COLLEGE UNIFIED BUT NOT AT BRYAN

No unification of the business of the two railroads here will be undertaken. E. G. Goforth, representing the International and Great Northern, and E. C. Costella, representing the Houston and Texas Central, acting as a commission to investigate and report on the proposition for Bryan, will recommend that conditions remain as they are. They found, after they had completed their survey here, that they could abolish positions and save about \$200 a month in salaries, putting the business in the hands of one agent with a force of clerks. But when they came to count up the cost of operating trains, this saving was all wiped out and a loss was apparent. Houston and Texas Central trains would, under the plan of unification proposed, have to run down to the International depot and then back out, consuming much time, fuel and causing other expenses. To have extended the track of the International one street to make a connection with the Central in the northern end of the city was estimated to cost \$10,000. Then there would have to be an expensive rearrangement of the tracks and connections at the crossings of the two roads in the southern end of the city, estimated at \$15,000. The saving that might be effected did not seem to justify the expenditure, when it is considered that the United States government is only the temporary owner of the railroads. Were it to own the railroads permanently this expenditure might be justified.

At College, however, the situation is different, both depots being right together. There it is understood unofficially, the Central depot will be used for passenger business and the International warehouse for package freight, and one agent will handle the whole business.

At Navasota consolidation has been practically effected because the physical conditions favor the idea.

## Teaching Patriotism At Summer School

In the hope of promoting the teaching of patriotism in the public schools of Texas as a war measure, the National Security league has assigned to the summer school of A. and M. college two strong lecturers who will give lectures on the best methods of teaching patriotism to pupils and the public generally. While the lectures will be intended primarily for the school teachers attending the normal division of the summer session, the lectures will be given at an hour when all the summer students can attend them, announces Dr. J. O. Morgan, director. Dr. J. Adams Puffer of Berlin, Mass., reputed to be one of the leading vocational counselors in the country, will spend July 3-5, inclusive, at the summer session and deliver addresses on "Vocational Guidance of Youth." Dr. H. T. Musselman, editor of the Texas School Journal, will deliver a series of lectures on topics of interest to the teachers.

The plans for the summer session generally are the best in the history of the summer school, Dr. Morgan announces, and indications point to a large attendance. The session opens June 3 and continues through July.

## Call for Negroes Within Three Weeks

From Thursday's Daily Eagle  
Information received from the adjutant general's office by the local exemption board this morning, corrects a previous impression regarding the number of men who will be called in the draft this month. The call is for 84 men, but the information this morning is that 36 of them are to be negroes, who are to be called within the next three weeks. The adjutant general says this is positive, as General Crowder has given absolute assurance that the negroes are to be used within that time.

## EVER SALIVATED BY CALOMEL? HORRIBLE.

Calomel is Quicksilver and Acts Like Dynamite on Your Liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system. When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick and the next day, it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.—Adv.

## BRYAN TO FURNISH LABOR TO FARMERS FOR CHOPPING COTTON

From Saturday's Daily Eagle  
Colonel Clarence Ousley held a conference Friday evening at 5 o'clock with members of the board of directors of the Bryan Commercial club and the labor slacker. Colonel Ousley referred to the national conditions and what some of the states are doing in the passing of vagrancy laws, some of which force even the rich men to engage in some profitable physical employment.

A plan was evolved for furnishing labor for the farmers in this section, particularly cotton choppers. At the Red Cross meetings to be held in every community in the county tomorrow, Chairman Doane of the Red Cross drive, promised to have each one of his speakers present the matter and call upon the farmers to state how many hands they would need, what they would be willing to pay, and if they would come to town and get them Monday or Tuesday mornings.

A committee consisting of E. J. Fountain and J. Webb Howell is making a canvass of the business houses this morning to ascertain how many employees can be released for a few days to assist on the farms. R. S. Webb stated at the meeting that he would be willing to release two men, his store porter and his yard man. This gave a suggestion for others and for the committee to work upon. It was also developed that a number of negro bucks are lying around town, doing nothing apparently, while their wives and children are in the cotton fields earning money for them.

Judge W. C. Davis was designated to present both sides of the matter at the R. E. L. Knight meeting at the court house this afternoon, calling upon farmers present to state how many hands they need and what they will pay, and upon town men to state what labor they can release.

## Bryan Women Apply For Government Posts

Secretary Cloud of the local civil board states that he has a number of applications for examination for positions as clerks who are seeking employment with the government. A number of those applying are women, who are responding to the call for thousands of women recently made by the authorities at Washington. They state that there has been an increase in the civilian employees of the government in Washington during the past year of about 40,000, of whom 25,000 have been women. Now the call is for more women, some of whom are to take the places of men, but many are to be employed in strictly women's work, as now recognized. Not less than 60 different kinds of work are open to women.

The list includes stenographers, typists, bookkeepers, order clerks of a score or more of classifications which require training in some special or technical line, statisticians, operators of various kinds of calculating, addressing and duplicating machines, proof readers, law clerks, welfare executive secretaries, draftsmen of a dozen kinds, telegraph and telephone operators, trained nurses, chemists, physicists, library assistants, inspectors of undergarments, finger-print classifiers and many others.

The commission urges women to offer their services to the government at this time of great need. As men are called to the colors, women must take their places and keep the machinery behind the armed forces moving at the maximum of efficiency.

## DOMINIC GOSS DEAD.

From Monday's Daily Eagle  
Dominic Goss, aged 73, died at his home in the country Sunday evening at 6 o'clock of old age. Mr. Goss was born in Italy. He was a farmer and leaves a widow.

Mr. Goss has been a resident of the United States about 27 years, living all that time in the Brazos county river country in Burleson and Brazos counties. His children have all gone before. The funeral was held at 11 o'clock, by Father DeSimone of the Italian Catholic church, and interment was in the Catholic cemetery.

## DEATH OF A CHILD.

From Friday's Daily Eagle  
The little son of Mr. and Mrs. Amos C. Williams, aged 18 months, died at the home at Coleview Thursday evening. Pneumonia was the cause of death. The funeral was held there this afternoon at 3 o'clock, with interment in the Bethel cemetery.

When the baby takes too much food the stomach turns; the result is indigestion, sourness and vomiting. Frequently the bowels are involved and there is colic pains and diarrhea. McGEHE'S BABY ELIXIR is a grand corrective remedy for the stomach and bowel disorders of babies. It is pure, wholesome and pleasant to take. Price 25c and 50c per bottle. Sold by M. H. James.

## HUN HOGS DEPLETED.

(By Associated Press.)  
Amsterdam, May 18.—The number of swine in Germany is under 1,000,000 compared with 13,000,000 a year ago, says Koelnische Zeitung.

## Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as the General Tonic because it contains the well-known properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

## FARMERS RESPONDED NOBLY TO CALL FOR MORE FOOD CROPS

"From all reports received here through our extension service forces, covering practically every agricultural county in the state, Texas farmers are making noble response to the appeal of the government for increased food and feed production without a sacrifice of necessary cotton production," declared Hon. Clarence Ousley, director of the extension service of A. and M. college, and assistant secretary of agriculture, Saturday upon the conclusion of his three-day conference with the acting director and members of the staff of the extension service, relative to the budget and plan of work for next year.

"It appears that in all the regions except the far west, where moisture is still insufficient, plantings have actually been increased and the prospects are very favorable," Mr. Ousley continued. "While I have had no detailed reports from the other states of the cotton belt I have the impression from general information that Texas will compare most favorably with them. The next immediate question is to conserve the very large crop of fruits and vegetables by canning, drying and other processes of conservation. It is perfectly plain now, as I have been saying ever since last fall that it is not possible to produce too much food and feed and also that the transportation of food and feed both within the United States and across the seas is a more and more troublesome problem because of the increasing military needs for cars and ships. Of course food is going to be furnished the army which has first call upon every railroad car and foot of ship room. Those of us who remain at home may use for our comforts and convenience in commercial and other aspects of our life such cars and such ship room as are left and it is not in the least likely that the remainder will be sufficient for doing business or living upon the ordinary basis of peace time. Hence the necessity for every state, every neighborhood and every family as far as humanly possible to be self-supplying."

Mr. Ousley pointed out that there must be a larger conservation of labor in useful occupations, declaring that servants and able-bodied men in the cities must go to the farms at least during the rush periods there, leaving much of the work in commercial establishments as well as in the homes to be done by the women.

From here Mr. Ousley goes to Hutchinson, Kan., to address the bankers of that state in their annual convention.

## JUNETEENTH CELEBRATION.

The colored citizens of Bryan and Brazos county met and perfected an organization for the celebration of their fifty-third anniversary June 19. The following members were elected: Dr. A. E. Thompson, chairman; Edd Scott, secretary; Jerry Simpson, treasurer; Mose Light, manager; W. C. King, assistant manager. Finance. Mose Light; arrangement, Thos. Peterson; basket, Millie Brown; amusement, J. B. Whitte; meats, Aaron Thompson.

## MISS BERNICE HANNA MARRIED

From Monday's Daily Eagle  
News has reached Bryan of the marriage of Miss Bernice Hanna to G. C. Benson at West Frankfort, Ill. Miss Hanna, who is a daughter of Mrs. J. M. Hanna, of this city, and a very popular and accomplished young woman, left here last week to visit in Illinois. Upon her arrival there Miss Hanna learned that Mr. Benson, to whom she was engaged, had just received a call to report for army service May 25. The young people then decided to be married at once, the wedding taking place on the morning of May 15. Miss Hanna has taught the Parker school for the past three years and is under contract for next year. Should Mr. Benson be finally accepted by the army it is not unlikely that she will return to Bryan and fulfill her school contract.

## WHEATLESS PERIOD HAS BEEN EXTENDED

The wheatless period for Texas has been extended from June 1 to the next harvest due to the fact that the shortage of wheat has become so acute that the national government must use every conservation measure in order to secure sufficient wheat to meet European needs. On Tuesday at noon, in reply to a suggestion from U. S. Food Administrator Hoover that Texas continue its wheatless program until the next harvest and not lift the ban on June 1, Administrator Peden wired the national administrator as follows:

"Hoover, Food Administrator, Washington: Complying with your message I am requesting all district and county administrators to explain the situation and feel safe in assuring you Texas will cheerfully continue on wheatless basis until next crop. Our people genuinely enjoy making this sacrifice for our allies and our boys over there.—Peden."

## Training for Women in Special War Work

(By Associated Press)  
Detroit, May 20.—Universities, colleges and technical schools throughout the country are being urged to follow the lead of the University of Michigan in providing special courses of training for women students in drafting and tracing, inspection and testing of materials. The move was given impetus recently at a joint session of the American Society of Mechanical Engineers and the Detroit Engineering society.

According to the engineers the war time deficiency of skilled workers may be met by women, with a short period of training as it has in other belligerent nations.

The session adopted a resolution urging employers who could use skilled help to "exert their influence with universities, colleges and technical schools, and co-operate with them in developing and making available a great body of intelligent and adaptable women who are as eager and willing to serve their country as their brothers."

Dizziness, vertigo, (blind staggers) sallow complexion, flatulence are symptoms of a torpid liver. No one can feel well while the liver is inactive. HERBINE is a powerful liver stimulant. A dose or two will cause all bilious symptoms to disappear. Try it. Price 60c. Sold by M. H. James.

## CANNON IS BISHOP.

(By Associated Press)  
Atlanta, Ga., May 16.—Rev. James Cannon, Jr., of the Virginia conference, was elected bishop at a general conference of the Methodist Episcopal Church, South.

Rev. Cannon was elected after Rev. F. N. Parker of the Louisiana conference declined to accept.

## JOHNSON OF HALL OUT FOR LIEUTENANT GOVERNOR OF TEXAS

Bryan was visited yesterday by Senator W. A. Johnson of Hall county, who is a candidate for the position of lieutenant governor against Mr. Moore, who is representing the Ferguson side of the state controversy. Senator Johnson says he has been out about 40 days and is touring as much of the state as he can in a jitney, having come here by way of the Exall highway from Robertson county.

"While I was in North Texas," he said, "they told me that the Ferguson votes were in the Central Texas counties, and when I came here they tell me they are somewhere else. They are chimerical, these rumors, and when you get to where you are told they are, there they tell you they are somewhere else."

Mr. Johnson is a newspaper man, engaged in politics for the pleasure he finds it and the good he hopes to be able to do the state, and is the author of the first resolution to investigate Governor Ferguson.

"I am the man Ferguson called a 'nigger' because," as he said, I look like one. Right by my side at the time was one of the well known gun men of the state, who had I as much as shed a paperweight at the governor, would have shot me full of holes. I determined right there to sit steady in the boat and give the people of the state a chance to learn some of the things I knew for themselves, and as you know, it has all come out."

## CACTUS AS CHICK FEED.

The curtailment in the production of chickens in Texas during the year which was due to the high cost of feed promises to be overcome in a measure if the remedy applied by the Texas agricultural experiment station of Texas A and M. is generally applied throughout the state. The experiment station, by the growing of spineless cactus, has been able to furnish valuable and nutritious food for its flocks. Chicken and egg production at the station has been reduced to a fine art, varmint, insects and disease having been eliminated by the use of disinfectants.

# LOCAL BOARD TO HAVE CHARGE REGISTRATION OF THE YOUNG MEN

# LIBERTY COUNTY DEPT BRAZOS COUNTY IN SAPP CASE \$91.50

From Major Townes this morning the local exemption board received confirmation of the item published in The Eagle Saturday evening to the effect that those who have become 21 years of age since June 5 of last year will be required to register for military service on June 5 of this year, that is, two weeks from Wednesday. The registration is to be under the supervision of the local boards, hence residents of Brazos county will have to register with the local board here. Dr. Byars of the local board states that as they have plenty of room and the expected registration is not over 200, it will probably be done in the offices here. Statistics showed that about one-tenth of those who registered a year ago had come of age within the 12 months previous, hence as 2080 registered in this county, this indicates that 208 would register. For Texas the estimate is 40,000. County and city attorneys are called upon to assist the local boards.

While details are meager and the time is short, it is expected that about the same procedure as that of a year ago will obtain, but the president's proclamation, to be issued shortly, will clear up many points of detail.

## REGULAR ARMY ENLISTMENTS.

Captain Will Howe of the regular army here today said, "After a man has registered he is no longer available for enlistment in the regular army—all branches of the regular army are now open—cavalry, field artillery, coast artillery, signal corps, infantry and medical department. The men enlisting are being sent to France as fast as transports become available."

"Young men who are 21 and who will have to register should enlist at once and select the branch of the service that they prefer. During April over 600 applications for enlistment had to be turned down on account of the men being registered. Had these men enlisted last December when they were eligible they would not doubt now be in France with the army, but they delayed too long and now they will have to wait until called by the draft boards."

"The sergeant in charge of the Bryan recruiting office for the regular army is willing to work day and night in order that none who desire to enlist before June 5 may be disappointed, but don't put it off until the last day and find the office so full of men that some will have to be left in the post. This happened December 15, 1917, the day the regular army was closed to voluntary enlistments registered men. Many telegrams were sent to Washington in behalf of some of the men who failed to reach the office in time but Dec. 15, 1917, as the final date and so will be June 5, 1918. So enlist at once. Men needed in France to replace the men in the regular army."

"If you can not get to Bryan your postmaster will arrange to furnish you transportation. If you apply to your postmaster give him two days' time to get the ticket."

## R. W. Worthington Died in this City

R. W. Worthington, who died here this morning, was born in Burleson county, March 13, 1880, making him 37 years old. The most of his life has spent in Brazos county. He has living at time of his death on his father's place, three miles above Mumfords. M. Worthington developed a gripple during the winter, resulting in pneumonia and other complications. He was removed from his home last Saturday to the home of his sister, Mrs. Albert May, for closer medical treatment. The end came this morning at 3:12 o'clock. While it was not altogether unexpected, yet it was quite a shock to relatives and friends. Mr. Worthington leaves a wife and five children, three boys and two girls, to turn his loss, all of whom were at home. He also leaves a father and mother, Mr. and Mrs. T. W. Worthington, near Wellborn, one sister, Mrs. Albert May of Bryan and a brother, E. W. Worthington, now in service of the U. S. navy at Norfolk, Va.

Mr. Worthington was a hard-working man, a true husband, kind father and good citizen. He will be missed by his many friends and loved ones. Funeral services were held at the home of his sister, Mrs. May, at 3 o'clock, the remains were then shipped to Wellborn on the H. & T. C. and laid to rest in the Minter Springs cemetery, Dr. E. W. Solomon of First M. church, Bryan, conducting the funeral services.

## STEEP HOLLOW.

Steep Hollow, May 22.—Webb Chaney returned home last Wednesday from Pampa, where he has been teaching in a private family.

Mr. and Mrs. Ben L. Foster and children attended the quarterly conference which was held at Benchley today morning.

Mr. and Mrs. Walter English spent today visiting friends and relatives at Reliance.

The canning club girls with Miss Martha Gillespie, met with Miss Lorne Curlee last Wednesday afternoon. A very profitable time was spent in showing the girls how to can beans.

Miss Ida Martin spent several days of the week visiting her aunt, Mrs. J. C. Williams in Bryan.

Mrs. J. J. Vandiver and Mrs. J. G. Attyldier are on the sick list this week.

Misses Della Parker and Helen Engspen spent last week with Mr. and Mrs. Cloud at Kurten.

Dr. Poulter Christian, osteopathic physician. Office at residence, corner Houston and 25th street, one block east of courthouse. Phone 611, 11.

While most of the time of the commissioners court at present is taken up as a board of equalization, they have found time to check up the accounts of the sheriff on the feeding of prisoners. Among these is the bill which Liberty county is to be called upon to pay as a result of the transfer of the E. E. Sapp case to this county. The bill for the jury service is \$853 and for feeding the two Sapp brothers in the jail here \$57.50.

The commissioners have checked the vouchers of the city and county school funds for the past year and found them correct.

W. L. Holder, land and tax commissioner of the International and Great Northern railway company, has asked that the assessment of \$12,000 a mile be allowed to stand, in view of the fact that the government has to pay the taxes and needs every cent it can raise for the prosecution of the war. Accompanying this is the letter of Director General McAdoo of March 29, making a similar appeal.

# INTENSE INTEREST MARKS ALLEN ACADEMY CLOSING EXERCISES LAST NIGHT

"We must do our duty plus something else before we can make any sacrifice," declared Hon. F. Marion Law in the commencement address before Allen academy graduates and friends last night in the Colonial theater, which was filled with enthusiastic and patriotic people. Mr. Law was frequently applauded, as were the two young essayists upon the expression of any patriotic sentiments.

Rev. J. B. Jamison of St. Andrew's church delivered the invocation after which Joseph Tuffly read his essay on "Vive la France," reciting in patriotic terms the close relations that exist between this country and the European republic. At the close when he declared that the boys in khaki and the boys in gray go over the top together crying to one another, "Vive la France, Vive la France," the A. and M. college orchestra struck the notes of the Marseilles and the audience, applauding, arose en masse.

Carter Cavitt delivered "The Challenge of the War to the American Boy," showing what offers now and the wonderful things that are going to happen in the world after the war, for which the boys of this land must be prepared, as they have never before prepared themselves.

The orchestra then played "The Star Spangled Banner" with the audience again standing, and Captain Edwin Rapp presented to the academy the gift of the senior class in the form of this time of a large service flag with 203 stars, which is believed to be only about two-thirds of the academy boys now in service in some part of the world. In delivering the flag Captain Rapp made a patriotic talk, closing with the declaration that if academy boys were called upon to make the supreme sacrifice they would do it as gentlemen and unafraid.

Principal R. O. Allen received the flag with a short address, punctuated with deep feeling. Of all the gifts to the academy and of all the trophies won for the college, no gift expresses as much as this, he said. The flag was placed over the flowers that adorned the table in the center of the stage.

Miss Martha Rivers Allen then recited "Lines Dedicated to the Boys in the Service," the closing of which gave patriotic reference to the Allen boys gone and to go.

The orchestra played "America," after which Mr. Law was given only a brief introduction.

"I hope Bryan and Brazos county before the sun sets tomorrow night will have gone over the top for the Red Cross," he exclaimed, and

was loudly applauded.

He knows that God is on the side of France, England and Italy, as well as of America, and he knows that God does not approve of those things for which the Kaiser stands.

In closing he admonished the boys of the graduating class, as well as all others, to do their utmost, and to those who can not go to battle he urged that we all give so that when the boys come back we can look them squarely in the face and say we did our part.

Mr. Law was frequently applauded and given most intense and undivided attention. In fact the atmosphere was so charged with the lofty sentiments he espoused, the relaxation produced by a ragtime selection played by the orchestra prepared the people for what was to follow, the awarding of diplomas to the following:

Martha Rivers Allen  
W. E. Bard  
Arthur Jacob Binz, Jr.  
Virgil Hiram Cain  
Burrell Banister Cochran  
Joseph Arthur Gerson  
Melbourne Gilbert Gans  
George Addison Kelly  
Samuel Dwight Lee  
Robert Windell Long  
Ludwig Albert Matocha  
Walter Morris Menke  
Preston Blake Mewhinney

Joseph Rogers Pope  
Edward Camille Rapp  
Herbert Gibson Smith  
Grafton Gibson Stewart  
Collis Peter Suderman  
Revis Lay Taylor  
Joseph Baulard Tuffly  
Manford Nation Williams.

Then came the awarding of medals as follows: To Jack Ansler, the John Caldwell medal for junior scholarship; to Leslie Morris the Mrs. O. H. Astin medal for proficiency in English; to J. H. Claybrook the Allen academy medal for proficiency in debating; to Carter Cavitt the Dr. P. M. Rayson senior scholarship medal; to Hubert Walling the A. M. Waldrop & Co. medal for athletics; and to Allen Williams the Bryan and Brazos County Commercial association medal for the best drilled cadet, delivered by Law Henderson, who made quite a patriotic address.

Scholarships were awarded to the following: James E. Pettus, Jr., A. and M. college; George Kelly, University of Texas, which carries with it the class honors; W. E. Bard, Southern Methodist university.

# FOOD SITUATION IN GERMANY IS WORSE THAN AT ANY TIME

(By Associated Press)  
Washington, May 21.—The food situation in Germany, officials believe, is more critical than at any time. Information here indicates that even with the reduced rations planned the country will not have enough food to last until the next harvest.

## Locals and Personals

A Hobby club is to be formed by the women of Bryan and Brazos county soon. This club will affiliate with the men's organization. The women are organizing Hobby clubs in a large number of Texas cities, one being formed Monday at Corpus Christi, with Mrs. G. R. Scott, a well known Texas club woman, as chairman.

T. A. Satterwhite has returned from Austin and reports that his little daughter, who was bitten by a mad dog ten days ago, is still under treatment at the Pasteur institute and is doing nicely. Dr. Whitte, at the head of the institution, assured him the child was in no danger whatever. Mrs. Satterwhite is there with the little girl.

Mrs. Sam C. Johnson and son, S. C., Jr., of Marlin, are guests of Mrs. Johnson's parents, Mr. and Mrs. L. B. Kern, on Twenty-fourth street. Mrs. Johnson will be remembered by her many friends as Miss Ola Kern.

Rivers Allen has sold his residence on Washington street to G. F. Singleton, the consideration being \$2,200. Mr. and Mrs. Allen will leave Thursday for their new home in Dallas.

Dr. M. E. Weaver returned yesterday from Hot Springs, Ark., where he has been in attendance upon the Southern Baptist convention. He reports an unusually fine meeting. Dr. Weaver closes his work as pastor of the First Baptist church of Bryan Sunday, May 26.

Lieutenant Read Wiprecht passed through Bryan this afternoon on his way to Waco, where he goes as an instructor in artillery in the fourth officers training camp.

Mrs. W. F. Gibbs has returned from San Antonio, where she has been visiting her son, Lieut. Gibbs. Lieutenant Gibbs has been ordered to Camp Perry, O., for advanced instruction in the control and direction of rifle and machine gun fire.

Ed Carll and Dee Burkhalter of Wellborn were in the city this morning.

## BRAZOS COUNTY OVER THE TOP IN RED CROSS DRIVE.

Indications last night from tabulation of reports received at the Bryan Commercial club were that Brazos county has gone over the top in the Red Cross war fund drive for \$10,000. A number of country precincts have not reported, some are slacking but others are up with their reports and are over the top.

## Prof. O. F. Chastain for County Attorney

The Eagle today carries the announcement of the candidacy of O. F. Chastain of College Station, for the office of county attorney of Brazos county, subject to the action of the voters in the Democratic primary in July.

Mr. Chastain, who is professor of history in A. and M. college, is a graduate lawyer and has been a resident of Brazos county for the past seven years. He was born in Georgia, but came to Texas with his father's family when two years of age, the family settling in Erath county.

Mr. Chastain read law under Hood, Lanham and Stevens, at Weatherford, and was admitted to the bar in 1898. He was active in the practice of his profession for about five years before taking up the work of an instructor.

He served on the state text book board in 1906 with former Governor T. M. Campbell and rendered distinguished and valuable service to the state while serving in that capacity.

Though teaching has been his employment for years, Mr. Chastain has not neglected his law books, but has kept up with all the new statutes enacted into law by the legislature, the opinions and decisions of the higher courts, the changes in practice, procedure, etc. He is in every way splendidly equipped for the duties of the office to which he aspires and if honored with election by the people, pledges a faithful, conscientious and efficient administration.

Mr. Chastain is a Christian gentleman in every sense of the word and is well worthy any confidence that may be reposed in him. The Eagle submits his candidacy to the Democratic voters of the county for their consideration.

## HARVEY.

Harvey, May 16.—On last Wednesday one of the boys asked my permission to have a party at my house on Friday night in honor of their guest Miss Ina Capp of Bryan. It was granted as usual and the next night the idea was conceived of turning it into a French party, but said nothing about it. So after the guests had assembled I made a short talk in behalf of the little French orphans, whose homes have been destroyed and whose parents have been killed by the enemy, and asked for donations of 25 cents each. It was the smallest party we ever had and not expecting such, very few were prepared, yet those who did have any change gave so gladly and we soon had \$2.50 which has since grown to \$5. I feel sure that a great many more will add their quarters to this week until we have enough to do some good. If our people could see these sad destitute little waifs and think how happy and care-free their own children are, I am sure none would deny them so small a donation, but would give more if possible. We hope these donations will be handed in this week. Some nearer to Mrs. Lee Andrews. Every little child should consider it a privilege to give 5 or 10 cents. I am sure we will not let Harvey come short in this deserving cause.

Another heavy rain Saturday night is making corn and sorghum grow like magic and farmers are happy over the prospect of an abundant feed harvest. Everyone is busy with cotton chopping. The picnic failed to materialize; it was discussed at the party but the boys said they expected to have a big picnic in their field next day behind the plow and all let it early that they might be fresh for next day's work, but declared they had a delightful time.

HARVEY.  
Harvey, May 22.—On last Wednesday afternoon the death angel silently bore away the spirit of baby Armon Williams, Jr., after weeks of suffering. No pains was spared to recall him to health, but God chose to call him to his heavenly home. As he lay there in the cemetery, the exquisitely dainty white casket with the silken curtains floating gently with every zephyr, he looked beautiful indeed, and as if he were gently sleeping on a white satin couch. He was laid away to rest in Bethel cemetery, the funeral being attended by a large concourse of friends and relatives, and while Rev. C. Bullock performed the ceremony I thought, "Dear little babe, you are even now basking in the light of eternal glory. There was no accidents in God's kingdom but just one more link of the broken family chain has been united in heaven and beautiful baby hands are beckoning loved ones to heavenly lands."

Harvey feels jubilant over the fact that she went over the top on the second Red Cross war fund. After morning service at Harvey church Sunday the chairman made a two-minute talk. Mr. Peters then took up the subscription and \$30 was subscribed. That afternoon Mr. Bethea made a good talk to a full house but mostly of ladies. So many had already subscribed that morning. Mr. Bethea reminded us that Harvey has never gone over the top in anything. That stung the pride of the Harveyites and they resolved then and there to "go over the top" and by the afternoon of Monday we had gotten a liberal donation, several doubling their subscriptions. Some of the ladies want to know of the speaker where would Brazos county have been on the prohibition campaign if it had not been for Harvey?

Several lots in Bright Light cemetery have been newly enclosed with iron railings and others nicely cleaned off lately.

A delightful program was carried out Sunday afternoon at Bright Light

# Bull's Eye Bargain Sale

AT  
**M. BONNEVILLE**  
On the Corner West of Main Street  
**Racket Store**  
More Goods For Same Money

Every department in our store is filled full of BARGAINS, not the kind that were bought at regular prices and the regular way. Every Article of merchandise in this store was bought for CASH from the manufacturer and mill ends, at the lowest price for CASH in its original package. When a manufacturer or a jobber has some few lots of goods, too small in quantity to offer in its regular way to the trade, they are always glad to find a buyer that will buy the entire lot, and make a big sacrifice so as to dispose of them for cash. And as our buyers are always on the lookout for such stock, this is why we can always make a price on our goods for less than other retailers. We very often buy goods from the same jobber or manufacturer as our competitor, only we don't buy on time and terms, and as far ahead for future delivery as they do. And our goods are at a bargain price always, and lower than others.

# INTENSE INTEREST MARKS ALLEN ACADEMY CLOSING EXERCISES LAST NIGHT

"We must do our duty plus something else before we can make any sacrifice," declared Hon. F. Marion Law in the commencement address before Allen academy graduates and friends last night in the Colonial theater, which was filled with enthusiastic and patriotic people. Mr. Law was frequently applauded, as were the two young essayists upon the expression of any patriotic sentiments.

Rev. J. B. Jamison of St. Andrew's church delivered the invocation after which Joseph Tuffy read his essay on "Vive la France," reciting in patriotic terms the close relations that exist between this country and the European republic. At the close when he declared that the boys in khaki and the boys in gray go over the top together crying to one another, "Vive la France, Vive la France," the A. and M. college orchestra struck the notes of the Marseilles and the audience, applauding, arose en masse.

Carter Cavitt delivered "The Challenge of the War to the American Boy," showing what offers now and the wonderful things that are going to happen in the world after the war, for which the boys of this land must be prepared, as they have never before prepared themselves.

The orchestra then played "The Star Spangled Banner" with the audience again standing, and Captain Edwin Rapp presented to the academy the gift of the senior class in the form of a large service flag with 203 stars, which is believed to be only about two-thirds of the academy boys now in service in some part of the world. In delivering the flag Captain Rapp made a patriotic talk, closing with the declaration that if academy boys were called upon to make the supreme sacrifice they would do it as gentlemen and unafraid.

Principal R. O. Allen received the flag with a short address, punctuated with deep feeling. Of all the gifts to the academy and of all the trophies won for the college, no gift expresses as much as this, he said. The flag was placed over the flowers that adorned the table in the center of the stage.

Miss Martha Rivers Allen then recited "Lines Dedicated to the Boys in the Service," the closing of which gave patriotic reference to the Allen boys gone and to go.

The orchestra played "America," after which Mr. Law was given only a brief introduction.

"I hope Bryan and Brazos county before the sun sets tomorrow night will have gone over the top for the Red Cross," he exclaimed, and

was loudly applauded. He knows that God is on the side of France, England and Italy, as well as of America, and he knows that God does not approve of those things for which the Kaiser stands.

In closing he admonished the boys of the graduating class, as well as all others, to do their utmost, and to those who can not go to battle he urged that we all give so that when the boys come back we can look them squarely in the face and say we did our part.

Mr. Law was frequently applauded and given most intense and undivided attention. In fact the atmosphere was so charged with the lofty sentiment he espoused, the relaxation produced by a ragtime selection played by the orchestra prepared the people for what was to follow, the awarding of diplomas to the following:

Martha Rivers Allen  
W. E. Bard  
Arthur Jacob Binz, Jr.  
Virgil Hiram Cain  
Burrell Banister Cochran  
Joseph Arthur Gerson  
Melbourne Gilbert Gans  
George Addison Kelly  
Samuel Dwight Lee  
Robert Windill Long  
Ludwig Albert Matocha  
Walter Morris Menke  
Preston Blake Mewhinney  
Jack McCarty  
John Criswell Moore  
Marion Neely  
James Edward Pettus, Jr.  
Joseph Rogers Pope  
Edward Camille Rapp  
Herbert Gibson Smith  
Grafton Gibson Stewart  
Collis Peter Suderman  
Revis Lay Taylor  
Joseph Baulard Tuffy  
Manford Nation Williams.

Then came the awarding of medals as follows: To Jack Amsler, the John Caldwell medal for junior scholarship; to Leslie Morris the Mrs. O. H. Astin medal for proficiency in English; to J. H. Claybrook the Allen academy medal for proficiency in debating; to Carter Cavitt the Dr. P. M. Rayson senior scholarship medal; to Hubert Walling the A. M. Waldrop & Co. medal for athletics; and to Allen Williams the Bryan and Brazos County Commercial association medal for the best drilled cadet, delivered by Law Henderson, who made quite a patriotic address.

Scholarships were awarded to the following: James E. Pettus, Jr., A. and M. college; George Kelly, University of Texas, which carries with it the class honors; W. E. Bard, Southern Methodist university.

## FOOD SITUATION IN GERMANY IS WORSE THAN AT ANY TIME

(By Associated Press)  
Washington, May 21.—The food situation in Germany, officials believe, is more critical than at any time. Information here indicates that even with the reduced rations planned the country will not have enough food to last until the next harvest.

## Locals and Personals

A Hobby club is to be formed by the women of Bryan and Brazos county soon. This club will affiliate with the men's organization. The women are organizing Hobby clubs in a large number of Texas cities, one being formed Monday at Corpus Christi, with Mrs. G. R. Scott, a well known Texas club woman, as chairman.

T. A. Satterwhite has returned from Austin and reports that his little daughter, who was bitten by a mad dog ten days ago, is still under treatment at the Pasteur institute and is doing nicely. Dr. Wilhite, at the head of the institution, assured him the child was in no danger whatever. Mrs. Satterwhite is there with the little girl.

Mrs. Sam C. Johnson and son, S. C. Jr., of Marlin, are guests of Mrs. Johnson's parents, Mr. and Mrs. L. B. Kern, on Twenty-fourth street. Mrs. Johnson will be remembered by her many friends as Miss Ola Kern.

Rivers Allen has sold his residence on Washington street to G. F. Singletary, the consideration being \$2,200. Mr. and Mrs. Allen will leave Thursday for their new home in Dallas.

Dr. M. E. Weaver returned yesterday from Hot Springs, Ark., where he has been in attendance upon the Southern Baptist convention. He reports an unusually fine meeting. Dr. Weaver closes his work as pastor of the First Baptist church of Bryan Sunday, May 26.

Lieutenant Read Wiprecht passed through Bryan this afternoon on his way to Waco, where he goes as an instructor in artillery in the fourth officers training camp.

Mrs. W. F. Gibbs has returned from San Antonio, where she has been visiting her son, Lieut. Gibbs. Lieutenant Gibbs has been ordered to Camp Perry, O., for advanced instruction in the control and direction of rifle and machine gun fire.

Ed Carl and Dee Burkhalter of Wellborn were in the city this morning.

## BRAZOS COUNTY OVER THE TOP IN RED CROSS DRIVE.

Indications last night from tabulation of reports received at the Bryan Commercial club were that Brazos county has gone over the top in the Red Cross war fund drive for \$10,000. A number of county precincts have not reported, some are slacking but others are up with their reports and are over the top.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system, thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: J. C. HENNEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

## COMPEL MARRIAGE AND PUNISH THE CHILDLESS COUPLES

(By Associated Press)  
London, May 17.—The German commission appointed to examine the decline in the birth rate in Germany reported a recommendation for compulsory marriage of Germans before their twentieth year is passed, according to a dispatch to the Daily Express from Amsterdam. Provision is made for the punishment of married couples who remain childless.

## THIRD LIBERTY LOAN BILLION AND QUARTER

(By Associated Press)  
Washington, May 17.—The third liberty loan has probably gone over \$4,000,000,000 and probably \$4,250,000,000. The exact total will not be known until next week.

## Prof. O. F. Chastain for County Attorney

The Eagle today carries the announcement of the candidacy of O. F. Chastain of College Station, for the office of county attorney of Brazos county, subject to the action of the voters in the Democratic primary in July.

Mr. Chastain, who is professor of history in A. and M. college, is a graduate lawyer and has been a resident of Brazos county for the past seven years. He was born in Georgia, but came to Texas with his father's family when two years of age, the family settling in Erath county.

Mr. Chastain read law under Hood, Lanham and Stevens, at Weatherford, and was admitted to the bar in 1898. He was active in the practice of his profession for about five years before taking up the work of an instructor. He served on the state text book board in 1906 with former Governor T. M. Campbell and rendered distinguished and valuable service to the state while serving in that capacity.

Though teaching has been his employment for years, Mr. Chastain has not neglected his law books, but has kept up with all the new statutes enacted into law by the legislature, the opinions and decisions of the higher courts, the changes in practice, procedure, etc. He is in every way splendidly equipped for the duties of the office to which he aspires and if honored with election by the people, pledges a faithful, conscientious and efficient administration.

Mr. Chastain is a Christian gentleman in every sense of the word and is well worthy any confidence that may be reposed in him. The Eagle submits his candidacy to the Democratic voters of the county for their consideration.

## HARVEY.

Harvey, May 16.—On last Wednesday one of the boys asked my permission to have a party at my house on Friday night in honor of their guest Miss Ina Capp of Bryan. It was granted as usual and the next night the idea was conceived of turning it into a French party, but said nothing about it. So after the guests had assembled I made a short talk in behalf of the little French orphans, whose homes have been destroyed and whose parents have been killed by the enemy, and asked for donations of 25 cents each. It was the smallest party we ever had and not expecting such, very few were prepared, yet those who did have any change gave so gladly and we soon had \$2.50 which has since grown to \$5. I feel sure that a great many more will add their quarters this week until we have enough to do some good. If our people could see these sad destitute little waifs and think how happy and carefree their own children are, I am sure none would deny them so small a donation, but would give more if possible. We hope these donations will be handed in this week. Some nearer Harvey church might hand the money to Mrs. Lee Andrews. Every little child should consider it a privilege to give 5 or 10 cents. I am sure we will not let Harvey come short in this deserving cause.

Another heavy rain Saturday night is making corn and sorghum grow like magic and farmers are happy over the prospect of an abundant feed harvest. Everyone is busy with cotton chopping. The picnic failed to materialize; it was discussed at the party but the boys said they expected to have a big picnic in their field next day behind the plow and all left early that they might be fresh for next day's work, but declared they had a delightful time.

## HARVEY.

Harvey, May 22.—On last Wednesday afternoon the death angel silently bore away the spirit of baby Armon Williams, Jr., after weeks of suffering. No pains was spared to recall him to health, but God chose to call him to his heavenly home. As he lay there in the cemetery, the exquisitely dainty white casket with the silken curtains floating gently with every zephyr, he looked beautiful indeed, and as if he were gently sleeping on a white satin couch. He was laid away to rest in Bethel cemetery, the funeral being attended by a large concourse of friends and relatives, and while Rev. C. Bullock performed the ceremony I thought, "Dear little babe, you are even now basking in the light of eternal glory. There was no accident in God's kingdom but just one more link of the broken family chain has been united in heaven and beautiful baby hands are beckoning loved ones to heavenly lands."

Harvey feels jubilant over the fact that she went over the top on the second Red Cross war fund. After morning service at Harvey church Sunday the chairman made a two-minute talk. Mr. Peters then took up the subscription and \$80 was subscribed. That afternoon Mr. Bethea made a good talk to a full house but mostly of ladies. So many had already subscribed that morning. Mr. Bethea reminded us that Harvey has never gone over the top in anything. That stung the pride of the Harveyites and they resolved then and there to "go over the top" and by the afternoon of Monday we had gotten a liberal donation, several doubling their subscriptions. Some of the ladies want to know of the speaker where would Brazos county have been on the prohibition campaign if it had not been for Harvey?

Several lots in Bright Light cemetery have been newly enclosed with iron railings and others nicely cleaned off lately.

A delightful program was carried out Sunday afternoon at Bright Light

Same Goods For Less Money

Racket Store

More Goods For Same Money

Every department in our store is filled full of BARGAINS, not the kind that were bought at regular prices and the regular way. Every Article of merchandise in this store was bought for CASH from the manufacturer and mill ends, at the lowest price for CASH in its original package. When a manufacturer or a jobber has some few lots of goods, too small in quantity to offer in its regular way to the trade, they are always glad to find a buyer that will buy the entire lot, and make a big sacrifice so as to dispose of them for cash. And as our buyers are always on the lookout for such stock, this is why we can always make a price on our goods for less than other retailers. We very often buy goods from the same jobber or manufacturer as our competitor, only we don't buy on time and terms, and as far ahead for future delivery as they do. By waiting our buyer finds good bargains and better bargains always, and that is why our prices and our goods are at a bargain price always, and lower than others.
